WORK EXPERIENCE

WeVerve Systems

Intern Software Engineer | June 2023 - Present

- Collaborated with a team of software engineers and designers to develop the front-end of an **online catalog website** for an art marketplace using **React**.
- Implemented responsive and user-friendly interfaces, ensuring optimal user experience and seamless navigation of artwork listings.

Byte XL

Technical Education | June 2023

- Trained students at Parul University in Java and Data Structures and Algorithms, delivering comprehensive training sessions.
- Facilitated hands-on coding exercises and engaging lessons to enhance students' proficiency in Java programming.

Cloudkaptan

Software Engineer Intern | Oct 2022 - May 2023

- Custom **LWC** was developed to add dynamic features to the app, such as a custom candidate application form and job posting component.
- Configured **Apex Class**, **Test Class** and its **Coverage**, and **Screen Flow** to ensure data was stored correctly and the app functioned properly.
- Custom recruitment app created in Salesforce for managing job postings, and applications.

PROJECTS

Splitwise

- Created a personal project using React.js to build a Splitwise-inspired expense tracker and management tool with **JWT token** based authentication and **Google OAuth API**.
- Implemented vital features such as expense creation and management, automatic calculation of owed amounts, and user-specific data management.
- Utilized modern web development tools and technologies such as **React**, **Material UI**, **Node.js**, and **Express** for a high-quality product with a seamless user experience and robust security.

Amazon Clone

- Built a fully functional e-commerce website using **React**, and implemented various features such as product listings, shopping cart, checkout, and integration using **Firebase**.
- Incorporated responsive design techniques to ensure optimal user experience on the fully functional e-commerce website built using **React**.
- Deployed and hosted the website using **Firebase hosting**, a reliable and secure hosting service.

EDUCATION

NETAJI SUBHASH

ENGINEERING COLLEGE

B.Tech in Information Technology

2019-2023 | Kolkata, India

CGPA: 9.2/10

DAYANAND PUBLIC SCHOOL, SAKCHI

May 2019 | Jamshedpur, India

Percentage: 77.5 %

SOCIAL LINKS

Github @1711shashank
LinkedIn @1711shashank
Leetcode @1711shashank
Codeforces @1711shashank
Codechef @shashank1711

SKILLS

C++, Java, DSA,
OOPS, DBMS, Operating System,
HTML, CSS, Javascript,
JSX, Node JS, React JS,
Express, MongoDB

TECHNOLOGY

Frontend,
FullStack,
Web Scraping,
Web Automation

ACHIEVEMENTS

Solved **350+** questions in **Leetcode**,
3-star Codechef (max rating **1740**),
Pupil Codeforce (max rating **1324**),
Solved **150+** questions in **GfG**,
Problem Setter at Codechef
NSEC Chapter

EXTRACURRICULAR

Took sessions on various topics
like **Git/Github**, **Competitive
Programming** and **DSA** for
approx. 500 students in attendance
